Hello Classmates,

I would love to make a little memory book for our reunion and wonder if each of you could write to me a paragraph or two about what you've been up to for the last 50 years. Please be creative and tell a funny story, or just list what you've been doing or however and whatever you would like to share. This should be a fun thing, not a task! Please send by email to annemcclung@gmail.com or snail mail to Anne McClung, 1388 Turkey Hill Road, Lexington, VA. 24450. The sooner the better. I have included my little 50 yr. summary as an example of what you might do. Thanks so much! Best, Anne Drake McClung

Wow, fifty years in a few sentences! After high school, I went to Southern Sem for two years and then married Billy McClung. We have two children, Lyle and Hunter, who both live in Rockbridge county with their wives and children. In 1973, we moved to my current home at Alone Mill. Billy and I went our separate ways in 1985, and our children and I remained here on the farm. I went back to school, Mary Baldwin, and then went to grad school at UVA for a masters in sociology. I taught sociology at Southern Sem, which morphed into Southern Virginia, until 1996, when the school changed hands. I next became the librarian for the Goshen Public Library. - an absolutely wonderful adventure until the end when I was forced out by a bullying director. During my stint at the library I authored five books, all on various angles of local history, and made part of my living from the farm, raising and boarding horses.

I have four grandchildren, well, six if you count Billy McClung's second family. He has two precious little girls who call me Grananne (which is a hoot), and I often have the six of them for periods of time.

A really fun part of my life that I would like to share is that when I was at the Goshen Library, Laurie Lipscomb's mother drove him out to see me. He had no idea, nor did I, what she was up to. We had not seen each other for thirty some years. Two years later, in 2000, he joined me on the farm at Alone Mill and together we run the farm and dabble in a graphics arts business; officially we are both retired.
